

End User License Agreement (EULA)

Product: PrimusTrader — Self-Hosted Algorithmic Trading Bot (the "Software")

Licensors: PrimusTrader ("we", "us", "our")

Contact: kurtis@primustrader.com

Last updated: June 5, 2026

This End User License Agreement ("Agreement") is a legal agreement between you ("Licensee", "you") and us. By installing or using the Software, you agree to be bound by this Agreement. If you do not agree, do not install or use the Software.

1. Grant of license

We grant you a limited, non-exclusive, non-transferable, revocable license to install and use one copy of the Software for your own personal or internal business trading, activated with the license key delivered to you. This is a license, not a sale of the Software itself; we retain all ownership.

2. Restrictions

You may **not**:

- Resell, rent, lease, sublicense, lend, or otherwise transfer the Software or your license key.
- Share, publish, or distribute the Software or your license key to any third party.
- Reverse engineer, decompile, or disassemble the Software, except to the extent this restriction is prohibited by applicable law.
- Remove or alter any proprietary notices, license checks, or branding.
- Use the Software to build or distribute a competing product.

Each license key is intended for use by a single buyer. Sharing or publishing a key may result in revocation of the license without refund.

3. Ownership and intellectual property

The Software, including its code, design, strategies, and documentation, is owned by us and protected by copyright and other intellectual-property laws. All rights not expressly granted to you are reserved.

4. Your data and credentials

The Software runs on your computer and connects to third-party brokers and services using credentials you provide. You are solely responsible for your API keys, broker accounts,

configurations, and the security of your machine. We do not receive or store your credentials or trading data.

5. No financial advice; assumption of risk

The Software automates trading according to rules and parameters you select. It is **not** financial, investment, tax, or legal advice and does **not** guarantee any result. Algorithmic trading carries substantial risk, including total loss of capital. You assume all risk arising from your use of the Software and your trading decisions.

6. Third-party services

The Software interoperates with third-party services (e.g., Alpaca, Tradier, Binance, and optionally the Claude API). We are not affiliated with, endorsed by, or responsible for those services. Your use of them is governed by their own agreements.

7. No warranty

THE SOFTWARE IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, ACCURACY, PROFITABILITY, AND NON-INFRINGEMENT. WE DO NOT WARRANT THAT THE SOFTWARE WILL BE UNINTERRUPTED, ERROR-FREE, OR PROFITABLE.

8. Limitation of liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, IN NO EVENT WILL WE BE LIABLE FOR ANY TRADING LOSSES, LOST PROFITS, OR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES ARISING OUT OF OR RELATED TO THE SOFTWARE. OUR TOTAL LIABILITY UNDER THIS AGREEMENT WILL NOT EXCEED THE AMOUNT YOU PAID FOR THE SOFTWARE.

9. Termination

This Agreement is effective until terminated. It terminates automatically if you breach any term, including the restrictions in Section 2. On termination you must stop using and delete all copies of the Software. Sections 3, 5–8, and 10 survive termination.

10. Entire agreement

This Agreement, together with the Terms of Service, is the entire agreement between you and us regarding the Software and supersedes any prior understandings.
